Reference for MCD Plumbing

MCD Plumbing has been our preferred plumbing contractor for over 10 years. Throughout this time, we have found Sean and his team to be consistently professional, reliable, and responsive.

They are always respectful of our staff and students and work around the school's timetable to minimise disruption. All work is completed to a high standard, within agreed timeframes, and with excellent attention to detail.

Communication is outstanding. Sean and his team keep us informed at every stage of a project, providing regular updates on timeframes, parts availability, and any unforeseen issues. Their proactive approach is particularly valuable, they often identify potential plumbing faults before they become major problems, allowing us to address them early and avoid more costly repairs.

A recent example of their commitment was when we experienced a major high-pressure water pipe burst. MCD Plumbing responded immediately, with the team working diligently throughout the weekend to ensure the school was safe and fully operational for students and staff on Monday morning. Sean and his team truly went above and beyond to support us during this emergency.

We have no hesitation in highly recommending MCD Plumbing. Their professionalism, quality workmanship, reliability, and exceptional customer service make them an outstanding contractor to work with.
